

CLPS-420: APPE I

The pharmacy practice clerkships are college-coordinated experience-based integrated problem-solving courses designed to help the student become an active participant in providing pharmacy services. The student, under the direction of different preceptors will learn to provide pharmaceutical care in cooperation with patients, prescribers and other members of an interprofessional health care team based on sound therapeutic principles and evidence-based data. This will take into account all relevant legal, ethical, social, economic and professional issues, emerging technologies and evolving pharmaceutical, biomedical, sociobehavioral and clinical sciences that may impact therapeutic outcomes.

Credits: 10

Prerequisites:

Successful completion of all courses up to, and including, the third year; attaining a minimum cumulative GPA of 2.50; co-curricular requirements, and the successful completion of PCOA.

Program: Clinical & Pharmacy Science
