

CLPS-428: Principles of Pharm Adm I

This course is an expansive and in-depth Introduction to Pharmacy Administration. It facilitates the student's management and leadership training by introducing them to a comprehensive overview of management and leadership principles, concepts and practices in pharmacy-based environments. The course further addresses the economic, administrative, entrepreneurial, innovative and human resource aspects of pharmacy practice while furthering students' knowledge on details about the US Health Care System.

Credits: 2

Program: Clinical & Pharmacy Science
