

DHYG-305: Preclinical Dental Hygiene Theory I

This course will provide the student with the basic concepts and theories related to the performance of clinical dental hygiene. The course will provide an introduction to the Howard University College of Dentistry patient care system. Emphasis is placed on didactic knowledge of clinical protocol, patient assessment and treatment interventions. Opportunities will be provided for the student to identify his/her role as a dental hygienist with an emphasis on personal and professional development.

Credits: 2

Program: Dental Hygiene
