

PGDP-768: Orthodontic Seminar

The purpose of this seminar is to aid the resident in integrating and correlating his/her knowledge that has been presented to him/her in the orthodontic program in preparation for life after his/her training period. Each resident will be required to make presentations to the seminar on assigned topics. It is requested that audio-visual aids be used in the presentation. A summary sheet of the presenter's work must be prepared for distribution to the group.
