

LAW-771: Commercial Law

This is a survey course examining the legal issues arising in the sale of goods (UCC Article 2), and the legal relationship between debtors and creditors whose credit transactions are secured by personal goods (UCC Article 9). This course also covers bankruptcy law, which is closely related to Article 9. Related areas of law and aspects of commercial and business practices will be discussed, as appropriate. This course is intended to provide a broad overview of commercial law for students who do not intend to practice commercial law, but who nevertheless wish to obtain a significant exposure to the structure and operation of the Uniform Commercial Code, as well as to fundamental commercial law and business practices.
